At the Folger, we love to see students take Shakespeare and make it their own. We believe that Shakespeare is for everyone and that students of all ability levels can successfully engage with his works.

Shakespeare isn’t an antiquated art form. His plays are full of explosive family situations, complex relationships, and deep emotions that today’s students can—and do—relate to. At the Folger Shakespeare Library, we love to see students take Shakespeare and make it their own. We believe that Shakespeare is for everyone and that students of all ability levels can successfully engage with his works.

The best way to learn Shakespeare is to do Shakespeare. What does this mean? Put simply, it is getting students up on their feet and physically, intellectually, and vocally engaging with the text. We believe that students learn best using a performance-based methodology and that performance can build a personal connection with the text that traditional teaching methods may not.

Performance—which is not the same thing as “acting”—activates the imagination. Active learning invigorates the mind and stays with the learner. Shakespeare’s genius with language, his skill as a dramatist, and his insight into the human condition can instill even the least academic student with a passion not only for Shakespeare but also for language, drama, psychology, and knowledge.

The Lesson Plans and Tips for Teaching Shakespeare included in this Curriculum Guide provide practical, classroom-tested approaches for using performance-based teaching techniques. We have also included a Synopsis, a Fact Sheet, and Famous Lines and Phrases from the play and interesting facts to share with students.

Remember that enthusiasm is more important than expertise. There is always more for everyone to learn, so enjoy the ride with your students!

following a fierce battle, Macbeth, a Scottish nobleman, meets three “weird sisters” who tell him that he will be “king hereafter.” Macbeth becomes convinced that he can only become king of Scotland by killing Duncan, the present king. Macbeth tells his wife about his meeting with the witches, and she tells him that she will take charge of the preparations for Duncan’s murder. Macbeth kills the king, and he and Lady Macbeth become king and queen of Scotland. Macbeth arranges other murders to secure his hold on the throne, including the slaughter of the innocent Lady Macduff and her children. Enraged by his family’s murder, the nobleman Macduff unites with Duncan’s son Malcolm and other Scottish nobles to raise a rebellion. Macduff confronts and kills Macbeth. Malcolm becomes king. Dear Colleagues,

You enter Macbeth to a question:

When shall we three meet again?
In thunder, lightening, or in rain?

Then blood runs under cloak of night; a ghost shakes gory locks at an usurping king. And several murders, apparitions, and a suicide later, you exit darkness, invitation to a coronation in hand. At the very least, you feel entertained. With any luck you will feel flat out elevated.

Try telling that to most teenagers. The classroom spokesperson for the vast majority groans, “Shakespeare? This is going to be impossible. Forget it, I can’t read books written in Old English.” The can-do kid responds from the front of the room, “Oh, come on, just try. It’ll make sense once you translate it.” Optimism and determination aside, these two are twins: they see Shakespeare’s plays as printed words in a dead language, a bookworm’s aerobics.

Why are some captivated while others are turned off? After all, the play’s words never change. Macbeth always says, “I have done the deed.” Macduff always says, “Turn, hell hound, turn!” Too often we communicate that the plays are sacred texts, and we distribute them with the well-intentioned but misguided assumption that our students should eagerly study them with the same reverent devotion that monks dedicate to their holy books. God knows teenagers are not monks. Look at how they spend their days. They like wooing and sword-swinging and bragging and swearing and vengeance. Macbeth is loaded with those things. So how to you get a kid to see that? By teaching the play as living spoken language, best experienced on stage by every comer.

Performing Shakespeare—even at the most rudimentary level, script in hand, stumbling over the difficult words—can and usually does permanently change a students’ relationship with the plays and their author.

At the Folger, we believe that **Shakespeare is for everyone**. We believe that students of all ability levels, all backgrounds, and at all grade levels can—and do—successfully engage with Shakespeare’s works.

Why? Because Shakespeare, done right, inspires. The plays are full of explosive family situations and complex relationships that adolescents recognize.

Performance is particularly crucial in teaching Shakespeare, whose naked language on the page may be difficult to understand. “Performance” in this sense does not mean presenting memorized, costumed, fully staged shows, although those can be both satisfying and educational. Performance means getting students up on their feet, moving around a classroom as characters, and speaking the lines themselves.

**Remember:**
1. Enthusiasm is more important than expertise—there is always more for everyone to learn, so enjoy the ride with your students!
2. Trust Shakespeare’s original language, but don’t labor over every word.
3. Pick out key scenes that speak most clearly to your students. You do not have to start with Act 1, Scene 1.
4. Use the text to explain the life and times, not vice versa.

The following two Lesson Plans will give you practical ways to get started using this approach in your classroom.

How long does it take to teach a play? A Shakespeare unit can take anywhere from a few days to a few weeks, depending on your students. You may want to spend a few days to introduce the play’s major characters and themes, or you could spend a couple of weeks exploring several scenes, key ideas, and multiple interpretations. Full play units, such as the ones in Shakespeare Set Free, can take up to six weeks to teach. You do NOT need to start with Act 1, Scene 1 and you do NOT need to labor over every word.

Do I need to teach the entire play? Sometimes it is better to do just part of a play rather than the whole play. Or you might opt for a Shakespeare sampler, using several scenes from different plays.

Which edition of the play is best to use with students? The Folger Shakespeare Library paperback editions are relatively inexpensive, and easy to use, with the text on one page and footnotes and scene summaries on the facing page. Be aware that Shakespeare plays in literature anthologies often edit out some of the more bawdy content—content which students often love. They are also very heavy to carry around when students are performing scenes. You can install the Free Electronic Shakespeare Reader on your hard drive on any Windows computer at www.shakespeare.ariyam.com. This is a downloadable piece of software that allows you to have all of Shakespeare’s 38 plays instantly at your fingertips. Once you have it, there is no Internet connection required. It also provides in-depth full-text searching to all of Shakespeare’s plays. You can also download the text online from sites such as www.opensourceshakespeare.org.

Should I start with the movie? One disadvantage with watching a film version first is that students equate this version with the play and have difficulty realizing that scenes and lines can be interpreted and enacted in many different ways. One way around this is to start with one scene which your students read and perform. Follow this activity by showing clips from several film versions of the same scene. This strategy enables for some meaningful discussion about possible interpretations.

What if I have never read the play before? Learn along with your students—model for them the enthusiasm and excitement that comes with authentic learning.

Do I need to teach about the Globe Theatre or Shakespeare’s Life? The simple answer is “No.” While telling students that Shakespeare had three children and that he and Anne Hathaway had to get married might be interesting, it really doesn’t help them understand the plays. It’s much better to integrate some facts about Elizabethan life when they come up in the plays. So when Francis Flute protests, “Let me not play a woman. I have a beard coming” in A Midsummer Night’s Dream, that’s the perfect opportunity to explain the Elizabethan stage convention of young men playing the female parts.

Are student projects helpful? Designing Globe Theatres out of sugar cubes and Popsicle sticks, designing costumes, creating Elizabethan newspapers in the computer lab, doing a scavenger hunt on the Internet, or doing a report on Elizabethan sanitary conditions has nothing to do with a student’s appreciation of Shakespeare’s language. If you want to give students a project, have them select, rehearse, and perform a scene.

What is a “trigger scene?” A trigger scene is a short scene from a play that introduces the students to key characters and plot elements. Most important, the trigger scene shows students that they can uncover the meaning of Shakespeare’s texts as they “put the scene on its feet.”

Tried and true trigger scenes for beginning Shakespeare:

1. Macbeth, 1.3.38 onwards (Macbeth meets the witches)
2. A Midsummer Night’s Dream, 1.2 (The rustic actors are introduced)
3. Hamlet, 1.1 (Ghost appears to soldiers)
4. Julius Caesar, 3.3 (Cinna the poet is attacked by mob)
5. Much Ado About Nothing, 4.1 (Beatrice urges Benedick to kill Claudio)
6. Othello, 1.1 (Iago rudely awakens Brabantio)
7. Romeo and Juliet, 3.5 (Juliet angers her parents)
8. The Taming of the Shrew, 2.1 (The two sisters quarrel)
9. Twelfth Night, 2.2 (Malvolio returns ring to “Cesario”)

What's On for Today and Why

The length of Shakespeare’s plays is enough to strike terror into the hearts of most students, especially ones who expect “the two-hours’ traffic of our stage” promised by the Prologue in Romeo and Juliet. Taking inspiration from the Reduced Shakespeare Company’s hilarious and brief The Complete Works of William Shakespeare (Abridged) and Cam Magee, an actor and dramaturg from Washington, DC, we present our own very concise version of Shakespeare’s Macbeth.

This lesson will take one class period.

What To Do

1. Make nine photocopies of the handout—one each for Macbeth and the eight other actors.

2. Have nine volunteers take their places at the front of the room. Assign roles and let the actors read through the script once, for rehearsal. Then get out your stopwatch and see if your students can make or break the 32-second record. When the script indicates that a character dies, the actor must hit the floor.

3. Then select nine more volunteers to see if the second group can beat the first group’s record. Again, give them a practice run before timing, and cheer for the winners.

4. If you wish, ask your students, in groups, to create their own 32-second versions of one act from Macbeth or another complete Shakespeare play. Along with selecting short and punchy lines to highlight the plot, they need to pick the characters that they want to include in their scripts. For example, in “The 32-second Macbeth,” Actors 1–8 are, respectively, the witches, Duncan, Lady Macbeth, Banquo, Macduff’s son, and Macduff.

MACBETH | LESSON PLAN 2
When Fair is Foul: Paradox and Equivocation in Macbeth

Matt Patterson
Bishop Seabury Academy
Lawrence, KS

Play/Scenes Covered
Macbeth 1.1, 1.2, 1.3, 1.6, 2.3, 3.1, 3.4
From the Folger Shakespeare Library Edition

Standards Covered
This lesson plan covers NCTE Standards 1, 2, 3, and 6.

What’s On for Today and Why
In this lesson students will examine the role of paradox and equivocation in the Scottish play. The goal is for students to gain a greater appreciation of how Shakespeare—and his characters—manipulates words to give them multiple, complex meanings beyond the expected. Students will discover how language drives the events in the play and what it tells us about the characters in it.

The lesson will take one class period. Alternately, it can be split into two partial lessons—one on paradox after students read Act 1, and the other on equivocation after students read Act 3.

What To Do
1. Distribute handouts on paradox and equivocation and read the definitions. (Available on the following page).
2. Divide the class into small groups of students (2 or 3 to a group).
3. Assign each group a numbered quotation from the handout (If you split this assignment into two lessons, you might assign the same quotation to multiple groups).
4. Assign each group to complete, in writing, items A, B, and C listed on the handout for their assigned quotation. Students will need to refer to the text to describe the context of their assigned lines.
5. Have each group report their discoveries to the rest of the class. Discuss how paradox and equivocation contribute to the themes of the play and what they tell us about the characters that use them in their speech.
6. Have students look at the equivocations in 4.1.91-92, Second Apparition, and 4.1.105-107, Third Apparition, and ask them to track the course of these equivocations as they continue to read the play. If you prefer to maintain a greater sense of mystery, tell students that there are two equivocations in Act 4 and ask them to identify them as they continue to read.
7. If time allows, assign each student a character from the play and ask him/her to write a paradox or equivocation from that character’s perspective. Ask students to share their lines aloud with the rest of the class or post them on the walls of the classroom.

What You Need
• Handout on Paradox and Equivocation

How Did It Go?
Did students gain a better appreciation for double meanings in Shakespeare’s language? Were they able to relate paradox and equivocation to characterization of the speakers and to broader themes from the play? Did their original lines demonstrate an understanding of the ability of words to hold multiple meanings?

Paradox: A statement that seems to be contradictory but that might be true when considered from a particular perspective.

“Fair is foul, and foul is fair.” —the Witches, 1.1.12

Equivocation: A statement that lends itself to multiple interpretations, often with the deliberate intent to deceive.

“Faith, here’s an equivocator that could swear in both the scales against either scale, who committed treason enough for God’s sake, yet could not equivocate to heaven.” —the Porter, 2.3.8–11

Paradoxes

A. Identify the speaker and the addressee, and explain as much as you can about the context of the situation.

B. Explain the specific terms in the quotation that make it a paradox.

C. Explain the hidden truth to be found in the paradox.

1. “So foul and fair a day I have not seen.” —1.3.39

2. “Lesser than Macbeth and greater.” —1.3.68

3. “Not so happy, yet much happier.” —1.3.69

4. “This supernatural soliciting / Cannot be ill, cannot be good.” —1.3.143–144

5. “And nothing is but what is not.” —1.3.155
Equivocations

A. Identify the speaker and the addressee, and explain as much as you can about the context of the situation.

B. Explain the specific terms in the quotation that make it an equivocation.

C. Explain the deceptive truth that is to be found in the equivocation.

1. “All our service, / In every point twice done and then done double ....” —1.6.18–19

2. “Had I but died an hour before this chance, / I had lived a blessed time ....” —2.3.107–108

3. “And though I could / With barefaced power sweep him from my sight / And bid my will avouch it, yet I must not, / For certain friends that are both his and mine, / Whose loves I may not drop, but wail his fall / Who I myself struck down”—3.1.129–134
Shakespeare wrote *Macbeth* in about 1606 or 1607, but the play was not published during his lifetime. *Macbeth* first appeared in print in the First Folio of 1623.

Perhaps the greatest difference between dramatic performances in Shakespeare’s time and ours was that in Shakespeare’s England female roles were played by boys or young men. The first person to play Lady Macbeth was probably a teenage boy!

Underground rocker and former The Velvet Underground member John Cale wrote a darkly lyrical song entitled “Macbeth.”

Macbeth is Shakespeare’s shortest tragedy.

Shakespeare based *Macbeth* on real events in Scottish history; however, while Shakespeare’s play portrays Macbeth as a villain, in Scottish traditions he is generally remembered as a good and just king.

*Macbeth* has inspired movies, operas, and numerous parodies, not all of them well-received. *Life Magazine* said that Orson Welles’s 1948 film adaptation “doth foully slaughter Shakespeare.”

In 2008, magician Teller (of Penn & Teller) co-directed *Macbeth* at Folger Theatre with Aaron Posner. The directors incorporated the play’s magic and illusions into a “supernatural horror thriller” production.
